

PLAYER PROFILE

This week Boggy Ward from Old Iggies (OI) interviews 2nd grade coach, and past player Tim Perrignon (TP)

Tim Perrignon

Tim's half brother Cyril Perrignon

OI I believe you have a half brother called Cyril?

TP True, this is a little known fact. Although we don't see Cyril too often at the Rugby because he suffers from a rare skin condition known as Solar Urticaria.

OI What is Solar Urticaria? It sounds dangerous.

TP It is pretty much being allergic to Sunlight. When Cyril's skin is exposed to sunlight it causes chronic hives.

OI Ahhh . . . so that is why he only comes out at night. I only seem to see Cyril at "After Match" functions and he is a regular at the Rag & Famish

TP Yep. Luckily he is not allergic to Alcohol. But Unfortunately I am, as little as 1 a mouthful of beer is enough to provoke severe rashes, difficulty breathing, stomach cramps or collapse, a condition known as anaphylaxis.

OI Mate, this interview is become a little too technical Boli. I think I get the message. We see Boli during the Day and Cyril at Night?

TP Yep

OI 2nd Grade is travelling pretty well at the moment. What has been the secret?

TP Firstly Baz is doing a great job. Second the guys are playing their guts out week in week out and Finally I think it really the guys in 4th grade and 5th grade who are putting pressure on all 2nd Grade to perform. Healthy competition goes a long way.

OI It has been rumoured that between them the Perrignon Family has coached over 1000 Old Ignatians games? Is this correct.

TP Don't know. Did you just make that up.

OI Yes I did, but it was the last question and I was struggling?

TP I will get onto Snix and Chilla and I will get back to you !
